

# ASSIGNMENT TRACKING

WHY IS THIS A PROBLEM?	METHODOLOGY	WHO'S AFFECTED?	USE OF APPS/SOFTWARE	SOFTWARE PROBLEMS	OUTREACH/AWARENESS	QUESTIONS	MISC.
builds bad skills and unhealthy habits  clairebishop	this only works if students are willing to improve and dedicate themselves  clairebishop	university students **primary target group  clairebishop	calendars <ul style="list-style-type: none"><li>• apple</li><li>• google</li><li>• other calendar apps</li></ul> clairebishop	there isn't one single software that can help this problem  clairebishop	many people just lack the knowledge about management skills/software usage  clairebishop	why hasn't this been done before?  clairebishop	doesn't have to just be for students who don't know how to use anything else  clairebishop
leads to failure on tests/assignments and eventually classes  clairebishop	students must sign-up to make the change themselves  clairebishop	high school students  clairebishop	notion <ul style="list-style-type: none"><li>• built-in calendar</li><li>• has its own interface</li></ul> clairebishop	something that prioritizes assignments and class schedule is important  clairebishop	learn about software through social media <ul style="list-style-type: none"><li>• notion is a stellar example - lots of tutorials online</li></ul> clairebishop	if it has been attempted, what has stopped it from being successful?  clairebishop	helping inform students of previously developed tools/making one universal outlet  clairebishop
lazy students turn into lazy adults  clairebishop	workers/employees in companies  clairebishop	apple reminders app  clairebishop	easy to use interface <ul style="list-style-type: none"><li>• designed into a app/website duo</li><li>• some people feel more organized on computers</li></ul> clairebishop	hear about apps/software from fellow students or teachers  clairebishop	is there a big problem when combining all the elements that would be helpful?  clairebishop	universal software: <ul style="list-style-type: none"><li>• assignment tracking</li><li>• notes</li><li>• class schedule</li><li>• reminders</li></ul> clairebishop	
	parents/family <ul style="list-style-type: none"><li>• have to take action for their students' laziness (unless they don't care)</li></ul> clairebishop	google spreadsheets <ul style="list-style-type: none"><li>• lots of manual work here, but some people prefer it</li></ul> clairebishop
